

TEMAS: EDUCACIÓN, FAMILIA Y TRADICIONES

Unit Title: Educación en Latino América

Grade Level: 8th-12th

Length of the lesson: 100 minutes

Foreign Language Proficiency: Intermediate

Standards:

Objective: Students will be able to compare some aspects of the education system in Latin America and the United States.

Goals:

1. Students will read and learn about schools in Latin America and how do they compare to their school.

Essential Questions:

1. How are the schools in Latin America different from the schools in the United States?
2. How does migration immigration influence the school system in Latin America and the United States?

Anticipatory set:

1. Using computers to do “webquest” activity.

Activities:

1. All students work with partners following the “webquest” activity.
2. Class discussion of findings and creation of Venn diagram.
3. Creation of brochures.

Closing: Homework: Research another school that wasn’t used in the webquest activity and be ready to do a 1 minute presentation in class. OR Prepare to read 1 story out loud to the class in Spanish.
